BEEKEEPERS CALENDAR

September

The Bees. The drones may begin to disappear this month. The hive population is dropping. The queen's egg laying is dramatically reduced.

The Beekeeper. Harvest your honey crop. Remember to leave the colony with at least 60 pounds of honey for winter. Check for the queen's presence. Feed and medicate towards the end of the month (only the first 2 gallons is medicated). Add Mite control treatment. Continue feeding until the bees will take no more syrup. Attend bee club meetings.

Time Spent. Estimate 2-3 hours.

Roger & Carol Barton will provide refreshments.
